

Spring Valley WSC

Stage 1 Water Restrictions

Dear Spring Valley customers,

A water shortage exists as pumps can't keep up with demand. Starting Monday August 14, 2023, SVWSC will implement Stage 1 water rationing.

Your Watering schedule is shown below.

Houses ending in an Even Number	Houses ending in an Odd Number
Monday, Wednesday & Friday	Tuesday, Thursday & Saturday

No watering allowed between the hours of 10 a.m. & 6 p.m.

Voluntary Practices to Reduce Water Consumption

- Draw less water for bath or reduce shower time.
- Do not let water run while shaving, dish washing, brushing teeth, etc.
- Keep pools covered if not used on a daily basis.
- Use water displacement device in toilet tank.
- Install aerators on faucets.
- Utilize water reuse where possible.
- Replacement or retrofits with low flow or ultra-low flow fixtures.
- Visit the Water Sense web site at <http://www.epa.gov/WaterSense>.

1st Violation – Warning

2nd warning- Flow restrictor installed for 3 days

3rd warning – Flow restrictor installed for duration of rationing

Customers will be notified when the rationing of water will be no longer be needed

If you should have any questions Call 254-776-1999.

Sincerely,

SVWSC Board of Directors
